

antibacterial COUNTER MATS

ONLY \$9.50 each*
PLUS GST

Have your brand displayed at the counter in this New, Innovative and very interesting product. The counter mats are ideal for use in chemists, hospitals, laboratories, medical and dental clinics and where high standards of hygiene are important, as well as for the general market at shop counters, general stores and service stations etc.

The material from which the mat is manufactured, is impregnated with antibacterial agents to protect people against bacteria and cross contamination. These counter mats provide an ideal means to achieve a sanitised area where you can promote your product at the point of purchase.

Comes complete with your graphics printed and encapsulated into the counter mat.
Mat size 300mm x 415mm

*Minimum orders of 100 units and includes delivery for Sydney Metro only
